31 July 2015 // LCC Subject to change

World Council for  
Gifted & Talented Children  
21st World Conference  
10 - 14 August 2015

## Feedback

To Whom it may concern,

Leland Lee & Karen Chien

Leland Lee attended the 21<sup>th</sup> world conference with group leader Professor Kuo Ching Chih and others at Odense, Denmark. Aug 7-20, 2015.

Since day one of our journey. We treasure our time to capture every moment to explore as many local museums, heritage sites, varies of city hall, opera house, local Interests points through hop on and hop off buses and boat rides. We deliberately revisited Van gogh Museum which is one of Leland's favorite museum.

When we arrived into Odense, Denmark. Leland was greeted by his old time friends from attending the conference over the years: President, Leslie Graves, Ken McCluskey, Vice President, Julia Roberts, Treasurer, Secretary Humphrey Oborah and good old Tyler Clark from Kentucky....and many others. We had honor to have dinner with Ole Kyed Head of Academic Committee & Keynote speaker Dr. Henry Tirri which he shared his view about giftedness in the 21<sup>st</sup> century. Leland show and share his new 3D app art work and they are all impressed with Taiwan's app development. (Please see attached photos)

We are deeply touched by the keynote speaker, Dr. Shirley Kokot she shared " Planting a garden". The title of the talk is taken from a quote by Ray Brabury. In his book, Fahrenheit 451, he wrote that it is important what you do changes something from the way it was before you touched it into something that's like you after you take your hands away. The difference between the man who just cuts lawns and a real gardener is in the touching, he said. The lawn cutter might just as well not have been there at all; the gardener will be there a life time." This is very inspiring and very true as I witness Dr. Kuo Ching Chih whom leads as a gardener. Dr. Kuo specifically design and created the enrichment program for twice exceptional artists for the past few years in Taiwan. Her plants has blossom in Odense, Denmark! Dr. Kuo facilitate all three artist to deliver their presentations in varies format to boost high light our symposium which is a success in many ways. In this 21<sup>th</sup> World Conference Leland has gain enormous self esteem and enriched his interpersonal collaborations with others.
